## Books for Independent Minds

Ronin Publishing, Inc. is an independent press in Berkeley, California, publishing books as tools for personal empowerment and expanded consciousness. Our name is inspired by the Japanese word for unindentured or maverick samurai, called ronin or “wave men,” because they were cast onto the chaotic waves of change. Our mission is to publish books that foster independent thought and empower the individual to become self-mastering and surf the waves.

Get our books at your local bookstore to save on shipping fees, and support your local bookseller. If you can't get Ronin books at a nearby store, you can order from [amazon.com](http://amazon.com), [b&n.com](http://b&n.com) or directly from us. Check our website for latest online catalog.

“Psychobotanicals” encompasses psychedelics and their personal, social and cultural impact. “Leary

- Library” includes books authored by or about Timothy
- Leary. “Life Skills— With Attitude” include books that tell
- how to thrive in a changing world, become more autonomous and find work you love doing. “Fringe Series” keeps
- you informed about things off the grid. “EntheoSpirituality” shows how to find your God within.
- Ronin sells Books for Independent Minds to educate and inform only. We do not advocate breaking the law, including the use of drugs or harming persons or property.

**CHAOS & CYBERCULTURE**

Timothy Leary, PhD, with William Gibson, William Burroughs, Winona Ryder & Others  
 Timothy Leary's "cyberpunk manifesto" describes a New Breed that loves technology and uses it to revolutionize communication while having fun creating the cyberdelic politics and culture of the 21<sup>st</sup> Century. Leary was a leading figure in cyber culture, much as he was a leading figure in the consciousness revolution of the 1960s. Chaos and Cyber Culture brings together over 100,000 words of provocative, futuristic writings and cogent conversations in a graphic format with over 100 illustrations.

**The Intelligence Agents**

Timothy Leary, in his own chaotic style, recapitulates evolution from the first organism in which life a collection of memos, articles, pictures, etc. written in "future history" reflecting life on planet earth during Leary's lifespan.

A work of social, moral, religious and scientific satire, including articles by and about people who are changing the meaning of freedom all over the world. This is the fifth and final volume of Dr. Leary's 'Future History Series' with lots of fun pictures and ideas for your brain!

A superbly, creatively paradoxical book. This book doesn't just set forth, dogmatically and exclusively, a set of ideas held by the author to be 'objectively true', it puts forward a set of ideas which enter into paradoxical (critical) relationships with each other, stimulating the reader to take up a critical position towards the book himself. If intelligence rests on a critical attitude, then this book will increase your intelligence. Philosophy as art and dance.

**Your Brain is God**

Timothy Leary  
 112 pp • \$14.95  
 978-1-57951-052-7  
 How the Harvard-Milbrook psychedelic research moved from the scientific to the religious arena after Leary and Alpert came to understand that the US Constitution does not protect scientific exploration. *The brain had replaced the genitals as the forbidden organ that must not be touched or turned on by the owners so the only way in which consciousness-change experiences could be discussed was in terms of philosophic-religious.* —Timothy Leary

**Change Your Brain**

Timothy Leary  
 112 pp • \$12.95  
 978-1-57951-017-6

For Timothy Leary, drugs are useful tools to reprogram your brain circuits—while having a good time in the process. How to Change Your Brain is a compilation of Leary's earliest work at Harvard on "re-imprinting" your brain and the outrage it provoked in stodgy corners of professional and academic psychology. Filled with inside stories and Leary's keen observations of hypocrisy which he reveals with his characteristic humorous cynicism.

**High Priest**

Timothy Leary, PhD, Foreword by Allen Ginsberg ISBN 978-0914171805 \$19.95  
 Chronicles Timothy Leary's experiences on 16 early, formative psychedelic trips before LSD was illegal. The "high priests" include Allen Ginsberg, Aldous Huxley, Ram Dass, Ralph Metzner, Huston Smith, and Frank Baron. Each chapter includes an I Ching reading and a chronicle of a trip, along with marginalia of comments and quotations, and illustrations.

Leary is a hero of American consciousness. —Allen Ginsburg

**Start Your Own Religion**

Timothy Leary  
 Preface: Scoop Nisker  
 978-1-57951-073-2, 240 pp • \$14  
 You and your friends can do anything that the great religions and empires have done in the name of their Gods. You can choose your God to be smart, compassionate, cute and goofy. Create a cult comprised of your family and friends, then develop a personal mythology and write your own New Testament. Religious, mystical visionary possession states are powerful and wonderful. They open the doors of perception, polish our sensory lenses, and shake up the autonomic nervous system.

**The Politics of Ecstasy**

Timothy Leary  
 Foreword by Tom Robbins,  
 Intro by R.U. Sirius

 Change Reality Screens!  
 Reboot your brain—often!

Our brains are only in operation when they are slamming bytes and bits of information back and forth—multimedia communication. Brains want to hook up with other brains. Includes The Cyberpunk Manifesto by Christian A. Kirtchev who calls cyberfreedom seekers to action. Leary says, Think for yourself; question authority. Chaos is good. Chaos creates infinite possibilities.

# LEARY LIBRARY

**The Fugitive Philosopher**  
 Timothy Leary  
 \$12.95  
 978-1-57951-039-6, 192 pp.

Busted for pot in 1965, Timothy Leary was sentenced to 25 years in prison. He escaped, and thus began an almost farcical odyssey: the former West Point student and Harvard professor was now an acid-tripping fugitive. In this delightfully irreverent

account, Leary describes his time in Algeria and Switzerland, where he was sheltered by an arms dealer; his exploits with the Weathermen and Eldridge Cleaver, who tried to hold him hostage; and his capture and return to the U.S.

## Psychedelic Prayers & Other Meditations

**The Politics of Self-Determination**  
 Timothy Leary  
 104 pp • \$12.95 - 978-1-57951-015-2

Leary's bedrock work. As a graduate student, Leary created a theory of personality that was a significant catalyst sparking the human growth movement and got him his Harvard appointment— before LSD. Shows Leary's views on personal freedom when he was a young psychologist and how they evolved and morphed by the end of his career. Nestled here and there are glimpses of the ronin attitudes that propelled him and the strategies that he used to get around the system to pursue his research.

## Politics of Psycho-Pharmacology

Timothy Leary w/ Sasha Shulgin, Rosemary Woodruff Leary & Richard Glen Boire, Esq.  
 978-1-57951-056-5, 128 pp • \$12.95

Amazing saga of Leary's persecution by the "authorities." The Queen of Hearts-like escape trial, appearance before US Senate and interrogation by Teddy Kennedy, G. Gordon Liddy in their bedroom, Leary's enlightened platform in his campaign for Governor of California—and more. Tim was outrageous and we love him for it!

## Evolutionary Agents

Timothy Leary  
 192 pp • \$12.95  
 978-1-57951-064-0

It's not survival of the fittest; it's the evolution of the fastest in the Human Race. Evolutionary Agents are catalysts, stimulating mutation and migration. They are "Out-Castes"—cast out, thrown forward, pushed up, above and beyond contemporary realities. Intelligence is not a matter of I.Q. but of DNA. Mobility is the key to increased intelligence. All suffering is caused by being in the wrong place—move! The only smart thing to do is to get smarter.

## Musings on Human Metamorphosis

Timothy Leary  
 128 pp • \$12.95  
 978-1-57951-058-9

Humans are morphing into space beings—we are becoming the aliens. The eight circuits of human metamorphosis, analyzing in depth the consciousness—and its purpose—manifested by each change. Musings from spinning up the genetic highway to neurogeography of terrestrial politics to twelve stages of post-cultural evolution.

Brilliant, provocative work by one of the great creative scientists of the twentieth century, John Lilly, M.D. Examines the sacred realms of self, religion, science, philosophy, sex, drugs, politics, money, crime, war, family, and spiritual paths "with no holds barred, with courage and a sense of excitement". Lilly's purpose is to provide readers with a unique view of inner reality to help them unfold new areas for growth and self-

## The Steersman

### Metabeliefs & Self-Navigation

John C. Lilly, M.D.

The Steersmans—the programmer in the biocomputer—navigates partly by metabeliefs, those sometimes conscious, but mostly unconscious, assumptions, axioms, biases, prejudices, models, and simulations that determine our thoughts, feelings, motives and sense of what is real and true. Like an iceberg, beliefs are mostly out of awareness. Explores common meta-beliefs and how they direct our lives.

## Citizen Ninja: Stand Up to Power

Mary Baker

200 pp. \$16.95 978-1-57951-191-3

Many Americans are paralyzed in apathy, fear, indifference, and ignorance, as politicians and activists shift power from the people to the government using deception, fallacies, and bully tactics. Listening to pundits, reading books, and attending meetings of like-minded individuals is not enough to combat these changes. Preserving "Life, Liberty, and the pursuit of Happiness," requires a knowledgeable, engaged citizenry. Simply knowing our rights is not enough. We must also understand our responsibility to act when the government infringes our rights. CITIZEN NINJA tells how to stand up to power to have your voice heard.

**Cannabis for Seniors**  
Beverly A. Potter, PhD

Pot is becoming the "pill alternative".

Seniors is the fastest growing demographic of pot users in the U.S. Cannabis, a once ill-perceived "street drug", can be a valued asset to Senior wellness, especially when used in conjunction with other physician-recommended forms of therapy. In many cases using cannabis enables Seniors in reducing dependency on narcotic pain meds to avoid opioid addiction—which is becoming an epidemic.

Cannabis is much more than a "weed". Cannabinoids—chemicals in cannabis—interact synergistically with the endocannabinoid (EC) system in the body to help regulate pain, reduce inflammation, decrease stress, and speed recovery time, as well as elevate mood and optimism—all of which can increase Seniors' quality of life.

## Marijuana Botany: Propagation and Breeding of Distinctive Cannabis

Robert Connell Clarke, Introduction by Mel Frank, Foreword by R.E. Schultes

In recent times, marijuana has undergone more genetic experimentation and cross breeding than during the previous 10,000 years. This remarkable hybrid development was accomplished by clandestine growers new to any kind of farming. The definitive resource for current information on breeding, ecological factors, cultivation techniques, propagation, sexing, harvesting, as well as THC and peak potency.

"Robert Clarke's splendid effort will be widely appreciated . . . Marijuana Botany will be constantly consulted by a wide variety of researchers. —Schultes, Harvard Botanical Museum

## Growing Marijuana Hydroponically

Hans

Growing Marijuana Hydroponically shows how to grow marijuana indoors utilizing the Sea of Green Perpetual Harvest process which is the simplest, quickest method. Hans adapted it to a "cottage" approach. The time required to produce perpetual buds is reduced dramatically because the process eliminates the need to grow an entire plant. Includes a day-to-day, week-by-week description of the Hans cottage approach in non-technical language. Hydroponic cultivation is especially good for growing medical marijuana because it produces a harvest of organic chemical-free marijuana with sweet-tasting smoke. Fully illustrated. Hot item!

## Training Black Spirit: Ethics for African American Teens

William L. Conwill Ph.D.

9781579512224, \$18.95

Helps Black teens prepare for adulthood in the family, the community, and the world by developing their characters. Training Black Spirit builds upon African American cultural heritage, which is all too often absent from Black teens' experience. The principles presented here provide directives or instructions on living, as well as a defense against destructive influences, like drugs and violence. These principles are represented throughout the text by Adinkra symbols, along with a martial-arts self-defense interpretation for each principle, which teens discuss with an adult facilitator. Drawing on brain science, transpersonal psychology, and mainstream psychiatry, as well as ancient traditions, **Training Black Spirit** guides Black teens in conducting a personal and conscious examination of the traditional principles that enable us to survive, create, and nurture life.

## RONIN BOOKS FOR INDEPENDENT MINDS

IF YOU ARE UNDER 18, DON'T ORDER—please!

CHECK YOUR LOCAL BOOKSTORE: Buying a Ronin book in a local bookstore lets you review it before deciding, but most stores don't carry our books. Ask your local Independent Bookseller to carry Ronin books.

BOOK & PRICE AVAILABILITY SUBJECT TO CHANGE: We print our catalog once a year only. During the year things can change and we publish new books which are not in the catalog, prices go up and books are sold out. Good idea to call or check the website before ordering.

WHOLESALE: If you are a store or distributor, contact PGW/Ingram for wholesale information. These books sell!
